DENTEES™ DOG CHEWS

Dechra (formerly DermaPet)

All Natural Treats for Teeth & Breath!

Dental Treats with Odofactants

The first and only patent protected limited antigen treat to provide dental care benefits in one nutritious enjoyable chew.

THE FIRST AND ONLY PATENT PROTECTED LIMITED ANTIGEN TREAT TO PROVIDE ALL OF THESE BENEFITS IN ONE NUTRITIOUS, ENJOYABLE CHEW:

Irresistible taste

Odofactants neutralize stomach odors and freshen breath. Abrasive action and patented ingredients, HMP and acetic acid, decreases buildup of dental plaque, blocks formation of tartar and physically removes both. Brightens teeth. No beef or beef byproducts. No preservatives, artificial flavors or colors. Created by a board-certified veterinary dentist & other expert veterinarians. Improves digestibility. Limited Antigen for allergic dogs.

Dentees is a multifunctional, all natural treat that is good for your pet's teeth and breath.

US Patent # 6,610,276 B2

Further patent pending

Ingredients:

Processed wheat gluten, glycerin, natural flavor, powdered cellulose, monosodium phosphate, monoglycerides of edible fatty acids, magnesium stearate, sodium hexametaphosphate, acetic acid, grapefruit seed extract, clove.

No artificial coloring added, no synthetic preservatives and no plastics or other inert ingredients. Product appearance and color may vary due to natural ingredients.

Guaranteed Analysis

Crude Protein not less than	52%
Crude Fat not less than	4%
Crude Fiber not less than	5%
Moisture not less than	7%

Feeding Directions:

Dentees can be offered to your pet once or twice daily. A 10% reduction in quantity of your pet’s regular diet is advised to account for the added calories in the treat. Dentees are not intended as a complete diet. To achieve maximum benefit, Dentees are intended to be chewed not “gulped.” As with any edible product, offer water after feeding, and monitor your dog to make sure that the item is adequately chewed. Dentees are intended for dogs over 6 months old. For answers to your questions, call your veterinarian.
