ENISYL-F® ORAL PASTE

Vétoquinol USA

ORAL PASTE FOR CATS

L-Lysine HCl Nutritional Supplement

An oral nutritional supplement for cats containing 250 mg of L-Lysine HCl per mL in a highly palatable base.

INGREDIENTS: Purified water, L-Lysine HCl, sorbitol, cod liver oil, xanthan gum, tuna flavor, soya lecithin, silica aerogel, caramel color, potassium sorbate, sodium benzoate.

ANALYTICAL CONSTITUENTS: Crude protein (min.) 24%, crude fat (min.) 7.2%, crude fiber (max.) <0.1%, moisture (max.) 55.3%

ADMINISTRATION: Adult cats: 1 to 2 mL twice a day, Kittens: 1 mL twice a day, or as recommended by your veterinarian.

Each pressure represents 1 mL of Enisyl-F paste. Enisyl-F is extremely tasty and is easily accepted by most cats. It can be applied directly in the mouth, on the nose or on the paw where it can be licked off. Alternatively, you may add the product to your cat's food, if more convenient. Replace the cap securely on the tip of the dosing pump.

STORAGE: Store in a cool place.
