

iPet Glucose Test Strips, 25 Count Box

Product Description:

For use with iPet Glucose Meter. Each vial contains twenty-five (25) blood glucose test strips and two (2) glucoce chips which are pet specific for cat or dog. Coding your iPet Glucose Meter with pet specific glucoce chips allows accurate, consistent glucose readings. iPet Glucose Test Strips give you the confidence you demand for treating your diabetic pet.

Warning:

For in vitro diagnostic use only. The iPet Test Strips are designed for use with fresh capillary whole blood samples.
